

TRAINING NEEDS ANALYSIS AND GOOD PRACTICES REPORT -EDUCATION-

1

Compulsory Education

In Bulgaria, Spain, Italy, and the Netherlands, education is compulsory until the age of 16, and in Greece, until the age of 15.

UASC should be enrolled in school, regardless of their immigration status.

2

Secondary Education

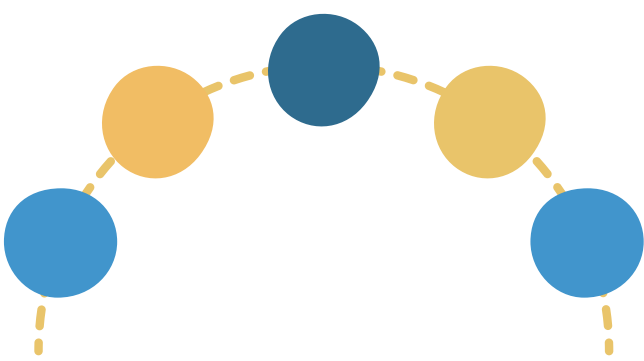

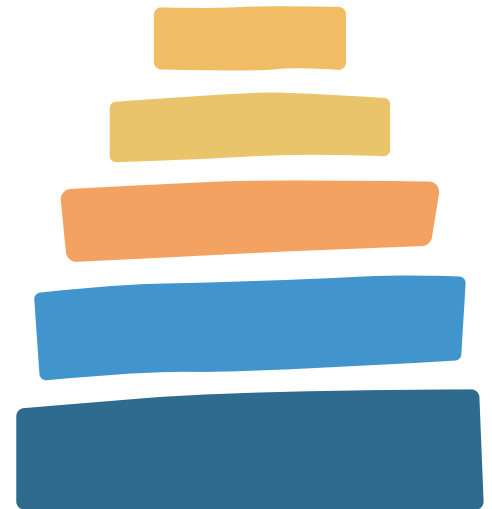

The Netherlands and Italy have preparatory schools.

In Spain, children over 16 years old must enrol in vocational training.

3

Access to Education:

Language barrier, lack of school resources, and bullying cases are some of the most reported obstacles to accessing education for UASC.

4

Legal Status and Education

In Greece, UASC and former UASC participating in education might be potentially eligible for a 10-year residence permit under the New Migration Code.

5

Identify Needs

- Proper assessment of learning and knowledge of newly arrived students.
- Ensure full access to education and vocational training
- Build schools and teacher capacity to offer adequate support
